

Owner Info

If you are a property owner and you are in need of property management services, look no further.

Lehman Property Management is prepared to:

- Evaluate your current needs.
- Develop a plan to manage your investment.
- Outline the process for transition of management.
- Execute the plan.

All this is done to help you to obtain your goals in real estate investing.

Please take this opportunity to review our Management Policies. These policies were created to allow us to provide a consistent level of service to tenants regardless of who owns a specific property. Additionally, this consistency ensures your property is not managed in a portfolio with sub-standard properties.

Or you can find out more about our current clients, our maintenance vendors, or check out our Frequently Asked Questions.
